**Retiree Profile: Jim Godshalk**

Jim Godshalk (pictured at COD in 1969) was a counselor at College of DuPage when it first opened in 1967, spending 17 years at the College. He was attracted to COD because he felt it was progressive, forward looking and what education was supposed to be. His interests have included aviation, as he started flying when he was 15 years old and was in the Navy and then Naval Air Reserve alongside Neal Armstrong. He also is passionate about conservation as he grew up at the Morton Arboretum where his dad was director. Jim has been retired for 35 years and spends time writing about his numerous interests and hopes for the planet.
