

## **COD Annuitants Unite to Support COD FUEL Pantry**

Welcoming a new year can be a time filled with gratitude, reflection and hope for the future. The College of DuPage Annuitants Association is aware that food insecurity among students has increased the demand on the COD FUEL Pantry. To respond, the COD Foundation funded food purchases, expanded the Pantry and aided in the development of the Community Garden which provides fresh produce, snacks and lunch food to students. In kicking off 2023, the COD Annuitants Association has proudly decided to provide a \$1,500 pledge to match any donations made by March 31, 2023 to the COD Fuel Pantry Fund to support food insecure students.

**GREAT NEWS** – thanks to the generosity of our annuitant community, we have almost met our \$1,500 match as of January 26 but let's not stop now. We encourage ALL who are able to rally behind this effort so we can help EVEN more students in need.

Thank you to all that have supported this effort already!
