

CDAA Members,

It's that time of the year again to prepare your request to the College of DuPage Human Resources Department for your 2024 reimbursement of health insurance premium payments paid in 2023!

Depending on what guidebook plan was in place at the time that you retired, you **may** be eligible to receive **partial** reimbursement for your out-of-pocket health care insurance costs.

If you are unclear whether you are eligible to receive reimbursement for health insurance, please contact the HR Department at the College of DuPage (630) 942-3030. **Do not contact them until December 1, 2023.** CDAA has no legal authority to obtain this information for you.

To help guide you through this process, the CDAA contacted the COD's HR Department and asked for information on documentation and procedures. Below you can find the procedure. The fastest method would be to scan your documents and email them.

Timeline:

Submit documents December 1, 2023, thru March 31, 2024

Processing will begin on January 2, 2024

Allow 60 days for processing.
